PROFESSIONAL SUMMARY

Software Developer with **1.5 years of professional experience** in full-stack web and mobile application development. Experienced in both frontend and backend development with a strong foundation in **React.js, Node.js, Express.js, PostgreSQL, and React Native**. Worked on ERP-based software solutions and multiple websites for educational institutions, contributing to application development, API integration, database operations, debugging, deployment, and production support. Hands-on experience with cloud platforms and deployment using **Google Cloud Platform (GCP), Microsoft Azure, Hetzner, and Cloudflare**. Strong skills in problem solving, leadership, communication, teamwork, and technical troubleshooting.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science — 2021 – 2025
Toms College of Engineering and Polytechnic — CGPA: 7.4 / 10

Higher Secondary Education (12th) — 2019 – 2021
N.G.P.M.H.S.S Venchempu — Percentage: 86%

Secondary School Education (10th) — 2019
N.G.P.M.H.S.S Venchempu — Percentage: 98%

WORK EXPERIENCE

Software Developer — May 2026 – Sep 2026
Aionpixel Technologies — Kerala, India

- Developed and maintained **web-based ERP applications** designed for educational institutions, contributing to both frontend and backend components.
- Built responsive and user-friendly interfaces using **React.js**, focusing on maintainability, performance, and usability.
- Developed and integrated backend services and **REST APIs using Node.js and Express.js** to support application modules and business workflows.
- Worked with **PostgreSQL** for database operations, data management, queries, and application data integration.
- Developed and maintained multiple **school websites and education-focused web applications**.
- Contributed to the development and maintenance of an **ERP-based education platform**, working across multiple application modules.
- Developed cross-platform mobile application features using **React Native**, integrating APIs and implementing mobile interfaces.
- Performed application deployment and cloud-related tasks using **Google Cloud Platform (GCP), Microsoft Azure, and Hetzner**.
- Worked with **Cloudflare** for domain, DNS, and application configuration.
- Investigated production issues, debugged application problems, and implemented fixes to improve system reliability.
- Collaborated with developers, testers, and other stakeholders to implement requirements and deliver product improvements.

Software Developer Trainee — May 2025 – Apr 2026
Aionpixel Technologies — Kerala, India

- Gained hands-on experience in full-stack application development using **React.js, Node.js, Express.js, PostgreSQL, and REST APIs**.
- Assisted in developing and maintaining web applications and websites for educational institutions.
- Worked on frontend components, backend API integration, database operations, debugging, and application testing.
- Developed practical knowledge of software development workflows, version control, debugging, and production support.
- Assisted with cloud deployment and application configuration across **GCP, Azure, and Hetzner**.
- Contributed to mobile application development using **React Native** for cross-platform applications.

PROJECTS

Education ERP Platform | ***React.js, Node.js, PostgreSQL, GCP, Azure***
ERP-based software platform for educational institutions

- Contributed to an **ERP-based software platform for educational institutions**, supporting various administrative and academic workflows.
- Developed frontend features using **React.js** and backend functionality using **Node.js and Express.js**.
- Worked with **PostgreSQL** for data storage, retrieval, database operations, and application integration.
- Integrated and maintained **REST APIs** across different application modules.
- Supported application deployment and cloud configuration using **GCP, Azure, and Hetzner**.

School Websites | ***React.js, JavaScript, HTML, CSS***
Websites for educational institutions

- Developed and maintained multiple responsive websites for educational institutions.
- Implemented reusable frontend components and responsive layouts for desktop and mobile devices.
- Integrated dynamic content and APIs where required to support school-specific functionality.
- Worked on debugging, performance improvements, deployment, and maintenance of live websites.

Cross-Platform Mobile Application | ***React Native, JavaScript, REST APIs***
Android and iOS application features

- Developed and integrated mobile application features using **React Native** for cross-platform Android and iOS applications.
- Integrated backend APIs and implemented application screens and user workflows.
- Worked on API connectivity, authentication-related issues, UI improvements, debugging, and application builds.

TECHNICAL SKILLS

Languages: JavaScript, HTML5, CSS3, SQL
Frontend: React.js, HTML, CSS, JavaScript, Responsive Web Development
Backend: Node.js, Express.js, REST APIs
Mobile: React Native, Cross-Platform Mobile Development
Database: PostgreSQL
Cloud: Google Cloud Platform (GCP), Microsoft Azure, Hetzner
Deployment: Cloud Deployment, Server Configuration, Cloudflare, DNS
Tools: Git, GitHub, GitLab, Visual Studio Code

PROFESSIONAL SKILLS

Leadership: Team collaboration, task coordination, ownership, and leadership
Problem Solving: Debugging, troubleshooting, analytical thinking, and technical problem solving
Communication: Technical communication, teamwork, requirement understanding, and stakeholder communication

LANGUAGES

English: Speaking, Reading, Writing
Hindi: Speaking, Reading, Writing
Malayalam: Speaking, Reading, Writing
Tamil: Speaking

ADDITIONAL INFORMATION

- Experience working in a **product-based software company** focused on technology solutions for the education sector.
- Hands-on experience across the development lifecycle, including **development, API integration, database operations, debugging, deployment, and production support**.
- Experience working across **web, mobile, backend, database, and cloud environments**.
